Mike loves dogs!

Rationale

The going rate for dog walking in Toronto is $25 for a one hour walk. This is door to door, so usually includes 10 minutes in the car, 40 minutes on-leash or at the dog park, and 10 minutes back in the car.

The Mike Loves Dogs difference

Walks are 2 full hours. If your dog is in the car, they will be with me for extra time (2hr + drive-time). I don't take drive-time away from their walk-time. Your dog's walk always includes off leash time, and my hikes are much more adventurous than those of most dog walkers; abandoned rail tracks, swimming in the ravine creeks, and dog packs put together knowing your dog's temperament.

*More info on monthly spot

This can be tailored as every day (M-F), 3 day weeks (ie M/W/F or T/W/Th) or 2 day weeks (ie T/Th). I usually take 15 days (3 weeks) off per year from dog walking. The remaining 49 weeks of the year the fixed booking customers will "own" a spot on their days of choice. This is the most cost effective way to book dog walks - with walks costing less than $32 each - however you are required to pay for your spot even on weeks you don't use it.

The contract for fixed day walks will require a first and last month payment upon inception. Monthly payment amount will then be due on the first day of every subsequent month. Fixed day customers may opt out of the service with 30 days notice, and can apply their prepaid "last month" payment to the final month of their service.

Customize your package

Combine options to customize your package: "Lulu" walks with me every M/W/F, and is not a dog who has to miss very many weeks. She doesn't go to a cottage regularly. She might have to miss the occasional walk for grooming or a vet appointment. She would benefit from the 3 day per week package. However when her friend "Kobe" comes to town, "Lulu" likes to walk every day. So to add Tuesdays and Thursdays to the other days she has locked in, Lulu could add those walks a la carte, or buy a punch card.

Cottagers could use the fixed day walks from Sept-May, and shift over to the punch card for the Summer months.
